About Me

As an Assistant Professor since 2019, I have been committed to teaching, mentoring, and guiding students toward academic excellence. With experience in both academia and industry, I aim to integrate real-world applications into my teaching methodology. My expertise lies in fostering an engaging learning environment, developing curriculum strategies, and enhancing students' problem-solving skills. I am dedicated to bridging the gap between theoretical knowledge and industry demands, ensuring that students are well-prepared for future challenges.
